UPDATE LOG

Monthly Progress Notes

HOW TO USE THIS LOG

Add a new entry at the end of each month. Write 3 to 5 sentences covering: what changed in the metrics, what was delivered, what is behind schedule and why, and what the next month focuses on. These notes feed directly into the case study results section when the engagement ends.

Month 1 Foundation phase complete. Website live. LinkedIn page built with Limehome as social proof. Analytics installed. Email infrastructure configured. Cold outreach sequence written and first 30 targets contacted. No replies yet as campaign is in early stage.

Month 2 *Update to be added at end of Month 2*

Month 3 *Update to be added at end of Month 3*

Month 4 *Final update and full results summary. Feed into case study.*
